## Professional Experience:

### Freelance front-End developer

remote, Jan 2025-present

- Designed and developed responsive websites for small businesses using HTML, CSS, and JavaScript.
- Created high-fidelity UI prototypes using Figma for client approval.
- Integrated form handling and contact features on static websites using Web3Forms and GitHub Pages.
- Optimized performance and ensured cross-browser compatibility.

### Front-End Developer Personal Portfolio Project

Ngong, Kenya | 2025

- Designed and built a personal portfolio to showcase projects, using Figma and HTML/CSS.
- Integrated a working contact form with Web3Forms and GitHub Pages.
- Focused on responsive layout, visual consistency, and clean UX.
